## ACADEMY S.S./COLLEGE

*a centre of toppers*

## WELCOME MESSAGE

Pinnacle is known for its disciplined milieu and rich history of fostering big ideas and people who make them happen. We combine the widest range of degrees (Science, Commerce, Humanities & Law in XI and XII : NEB, BBM, BBS & B.Sc, Microbiology: TU, Diploma in Pharmacy : CTEVT) and virtually unlimited learning opportunities to place ourselves among the premier choices of the students.

We are the vanguard of innovative education. Our study methodology considers the curricular needs, while not overlooking the necessity of the intellectual growth of our students. Education is the engine of development, and our institution constantly prioritizes the uncompromised quality education in a manner consistent with the psychological demands of students.

We are also aware of auxiliary demand of the modern work market. We understand the necessity of maximizing the probability of getting jobs in the future. Considering the same, and advices from the guardians of our students, we have launched the vocational training and technical education school. Furthermore, our teaching methodology is synchronized with global technology, which is why our students face no difficulty adopting themselves with modern challenges.

We are proud of the scintillating achievements of our students in various disciplines of life. We are humbled by the faith put upon us by the parents, whose constant support and suggestions stimulates us to enrich ourselves and spread our wings.

I welcome you to be a part of our family.

# INTRODUCTION

Situated in the heart of Lalitpur, Pinnacle Academy SS/College is a global standard academic institution imparting quality education to her students by imbuing them with the feelings of sincerity, humanity and patriotism. We subscribe to view that a teacher is a friend, philosopher, facilitator guide and a guardian, helping the students discover their latent talent, acumen and creativity. Our united team of highly qualified lecturers, professors and non teaching staffs are committed to constantly support the students in their academic years at Pinnacle in every manner possible.

Pinnacle college vows to make substantial contribution in the realm of education in Nepal. The college has tried its best to meet the growing challenges of modern time by extending different disciplines. Its next venture is private University.

## MESSAGE FROM CHAIRPERSON

Pinnacle education foundation was established with an aim to produce better human beings to make our country a better place to stay. Our flexible and student-friendly approach helps us resonate with the tune of time and increasing pace of modern life. We are well concerned about development of disciplinary faculty of individual, for our service is dedicated to the betterment of our society. Our increasing success in latter motivates us to spend much of our energy on moral development of our students. Our glorious team of lecturers, professors and non teaching staff, besides nourishing them academically, help the students to develop a sense of value and character.

It is not in our nature to let your advices go unheeded. Based on the suggestions from parents and guardians, we have established vocational and technical education school.

Our career-oriented vision does not end here - our focus is also on introducing degrees on information technology, for it is the fashion and interest of the modern world. Your trust is our triumph. We leave no stones unturned in our endeavour to bring forth the quality and satisfaction during the student's years at Pinnacle.
