

A PLACE FOR THE  
**HOLISTIC DEVELOPMENT  
OF A CHILD**

# ABOUT US

Radiant Montessori English (R.M.E.) School is a dynamic educational institution that has been providing a high-quality holistic education since its inception in 2067 B.S. It is an ISA (International School Award) awarded school by the British Council for bringing notable elements in the school curriculum and collaborating curriculum projects with different international school partners around the globe. The school is a platform for varieties of students who seek nurture to cultivate their inborn talent and wish to contribute to their society, nation, and the world. R.M.E. School has envisioned ensuring a very sound educational environment for the pupils to assist in their holistic development. Its graduates occupy admirable positions here as well as abroad. It has maintained a high educational reputation and offered the facilities to widen the horizons as well as support the ambition of the students

We believe the emotional, social and physical development of young children has a direct effect on their overall development and the adult they will become. That is why understanding the need to create an appropriate environment for very young children is so important to maximize their well-being. Considering these facts the school has separate blocks for pre-primary, primary, secondary, and higher secondary level students.

The institution is framed in combining rigorous academic studies with practical applications that are deemed instrumental to prepare students for real-life situations. Comfortable classrooms with central air-conditioning, seminar halls and computer lab with unlimited internet access, audio-visual facilities, and resourceful library as well as co-curricular and extracurricular activities.

## Message From the Principal

NAMASTE !

I would like to take the opportunity to congratulate all the SEE graduates for their remarkable success in the examination and hearty welcome to Radiant Montessori English (R.M.E) School, Tikapur. We ever endeavor to inspire and empower our students to be critical thinkers, creative and productive members of our changing global society.

We believe, education is not only the learning of facts but the training of the mind to think, and growing minds have infinite capacity and grasp various skills. Our team strives to develop knowledge, discipline, confidence, and a sense of responsibility amongst the students.

Ultimately, I feel proud to state that our school is adequately equipped to offer our students the best holistic environment to foster and coach them.

Tej Raj Khanal  
Principal (R.M.E School)

## Message From the Chairperson

We recognize the uniqueness of every individual and seek to bring out the best in each student. As one of the leading schools in Farwestern Province, RMES strives to provide a safe and conducive learning environment for the students. The well-being of our students is our prominent priority.

Far from the capital city, we are committed to conduct different activities by noticing the changing world and the concept of the global village. We believe that no education is complete without interactive updated learning. This school is coordinating with other schools nationally and internationally as well. Our vision is to provide a caring, supportive and creative environment where children's all-around development is fostered through passion and commitment. This institution is truly grateful for your positive attachment and expects its continuation.

Warm regards.  
Tek Raj Regmi  
Chairperson

# Innovative Teaching Learning Approaches

## Presentation

Presentations are compulsory assignments that the programs endorse for internal academic assessment. Student quality circle meetings, subject and, theme relevant workshops, seminars, and interactive sessions are common components of the presentation.

## Project work

Students that participate in projects at regular intervals improve their capacity to investigate, analyze, and understand information, as well as learn how to present findings. Projects in Science cover a wide range of topics such as physics, chemistry, botany, zoology, computer science, and technology, whereas in Management and Law, business and legal surveys, reviews for report design, and presentations are just a few examples of project work that engage students in hands-on learning at RME School.

## Educational Tour/ Botanical Tour / Industrial tour

Aside from in-lab experiments, students in groups of three or four must complete outdoor observation-based experiments both within and outside of the Tikapur Municipality as part of a field trip.

Biodiversity-protected areas, chemical-based manufacturers and enterprises, food and beverage manufacturing plants, and technology-oriented sectors are just a few of the places to visit for fieldwork. They are visiting the places as per the necessity.

## Guest Speaker and Seminar

Guest speaker session and seminar provide an opportunity to the students and faculty to benefit from the experience of prominent corporate executive and technology professionals. Distinguished speakers are invited from the industry, financial sector and education sector to highlight current issues, trend and concerns of the industry.

## Transportation

RME School dispatches a variety of luxurious and child-friendly buses, ensuring convenience and unrestricted transportation. The buses, as well as student-friendly micro-buses, are used to transport students from any point on the various near areas of Tikapur municipality.

# Alumni's and Achievers

I have been a student of the first SLC Batch of this school and feel grateful to deliver my feelings to the school which helped me to maintain a decent secondary level education base to attain a position as a government officer.

I want to thank them personally as they have supported me every time by providing opportunities along with a scholarship. I believe, everyone who choose this institution for better education will proudly say , 'Once I was a student of RMES.

Thank You.

Er. Gobinda Upadhyaya  
Survey Officer  
The Government of Nepal

Being an ardent person with big goals in life, I was lacking best resources, qualified educators, and proper guidelines which would trigger my thirst of strong academic foundation before enrolling at RMES. Phenomenal of teaching approaches & it's an eminent emphasis on ECA . My thirst of a sound academic base. I shall always be indebted and grateful to RMES for enabling my dreams and standardizing my confidence.

Naresh Khanal  
MSC. Forestry  
Research Fellow  
Michigan State University, USA

I am grateful to the opportunity that RME bestowed upon me even after 10 years of completion of my School. Being an alumnus of RME not only helped me get groomed academically but also helped me develop a personality to cope the outside world. The institute helped me create the vision, establish the goals and fight for those goals. The dedicated and well experienced team of RME helps each student to shape their goals and dreams. Here along with quality education and fresh environment students get to learn textual as well as extracurricular activities which will make each student better thinker, decision maker and pave the path to their career.

**Saroj Bhandari**  
**Software Engineer at US Bank**  
**SLC BATCH 2068**

I was convinced that I had to proceed with my life being an expert in the managerial aspect of the business world. So I was determined to choose the management stream in RMES. My experience being a student of RME is really extraordinary. The institution meets it's statement, " A place for the holistic development of the child " because the focus is not only in study but also on practical learning. RME provides you a good platform to evaluate your knowledge, skill, and attitude. Believe in your self " success is not permanent and failure is not an end".
