MESSAGE FROM THE DESK OF THE CHAIRMAN

*Dear Students, Parents and Well-wishers,
With the concept of globalization in the modern world serving in different parts of the world is a common phenomenon. For this acquiring the character and strength of a global citizen is the first condition. Education one gets opens the door to this direction. In this context, academic pursuit of students is becoming more challenging in Nepal as they strive seeking for the right institution, inside and outside the country. To encourage them to find the best seminary for their further studies, BWIC facilitates every student with holistic educational values that instils in them the feeling of universal humanity, which is undoubtedly the essence of education. Our various co-curricular activities serve as a platform for the students to explore their innate abilities. We nurture your dreams of becoming the best among all, make it more prominent, and consistently oversee your daily schedules to ensure that you reach out to your goal of a secured and career-oriented future aligning with your dreams. Thank you.*

CA Deepak Pandey (CA, CS, M. Com.)

MESSAGE FROM THE DESK OF PRINCIPAL

Dear Prospective Students/Parents of Students/
Guardians,

It is my pleasure to welcome you to Bridgewater International College, where we strive to provide an exceptional educational experience that prepares our students for success in their chosen careers and in life. As the principal of this esteemed institution, I am proud to lead a team of dedicated educators as faculty members who are committed to providing a high-quality education to all of our students.

At our college, we believe in fostering a dynamic learning environment that encourages creativity, critical thinking, and collaboration. Our programs are designed to challenge and inspire our students, and we provide a wide range of academic opportunities to meet the needs and interests of every student.

Our faculty members are experts in their fields and are passionate about teaching and mentoring students. They are committed to helping our students develop the skills and knowledge they need to succeed in their chosen fields, and they work closely with our students to provide personalized attention and support.

We also offer a range of extracurricular activities that help students develop leadership skills, build relationships, and explore their interests outside of the classroom. Whether you are interested in sports, music, drama, literature or community service, there are countless opportunities for you to get involved and make a difference.

As you consider your college options, I encourage you to explore all that our college has to offer. We are confident that you will find a welcoming community, challenging academics, and a supportive environment that will help you achieve your goals.

Thank you for considering our college, and I look forward to welcoming you to our great learning community.

Krishna Paudel

Welcome to Bridgewater International College.

As the Vice-Principal of this institution, I feel very lucky to work with many dedicated, committed, caring and innovative teaching and non-teaching staffs, parents and students. Many people consider education as a medium of getting good jobs, living a royal life, earning money and much more. But education doesn't really mean this. Real meaning comes when one's way of thinking gets changed and one starts thinking for the betterment of the society, country and world at large.

At BWIC, we believe that every child is a gift of God, and that excellence is the way of life. Keeping this in mind we provide the students value based education, opportunities to grow in every sphere of life both in academics and in their personality development. In the field of co- curricular activities, games, and sports our students are paving their way towards great heights.

'Last but not the least', carrying the major theme of academic exposure, club activities, e-learning platform, ECA & CCA and so on at BWIC assists students to the betterment of their academic career for long run. We not only teach the students theoretical concepts but also the life learning activities through syllabus.

WHO WE'RE

Bridgewater International College (BWIC) was founded in 2010 with a view to make global education opportunities available at local level. We believe in delivering quality education through participatory approach where each student gives his/her best to learn and each teacher contributes his/her best to make them learn. BWIC is currently under the umbrella of Bridgewater Education Foundation & Research Center

MISSION

BWIC aims at providing students quality world class education that promotes critical thinking, creativity and lifelong learning enabling them to be successful leaders, sought after professionals and responsible members of the world citizenry.

VISION

Our vision is to be the 'Numero Uno' center in Management and Technology education in the nation, known for its academic excellence, innovative programs, and commitment to social responsibility. We adopt participatory and progressive approach in learning inspiring students to pursue their passions, challenge themselves intellectually, and make a positive impact in the world.

OUR KEY AIMS

- To pave a way to bridge the differential gap of national and international educational system.
- To collaborate with national and international institutions, which have set a benchmark in the educational field in order to come up with a multi-dimensional and resourceful educational network.
- To establish a refined, improved and more scientific approach-based institution, where every student is a priority.
- To ensure intellectual beauty, creativity and novelty in the performance of Bridgewater products.

“Through the guidance of BWIC, out of various roads of future, I have found a suitable road to success for my future.”
